AN EXCLUSIVE NEWSLETTER FOR THE RESIDENTS OF PRESTON

203 Ketrick Ct *Preston Village*

home of the mont

By **Kris Kiegiel**, Broker
Keystone Properties

We welcomed Priest family to the Preston community last summer. John & Martha Priest moved here from Houston, Texas with their youngest daughter, Mary Mac and black lab- "Duke". The Priests have three older children in college, so when searching for a home they wanted to be sure there was enough room for all during holidays and summer breaks.

After searching through many of the Preston homes, the Priest's decided on a home in Preston Village that met most of their needs, however needed some re-design to accommodate their family living style. One of the changes was to create a large island in the kitchen so all 6 family members could congregate at the same time. The kitchen re-design included removing the existing island, the built in desk and part of the current pantry area. Daymon Asbury, Asbury Remodeling was hired to coordinate and construct the project. Daymon's wife, Myriam helps with the color and design selection.

"The Priests wanted to remodel their new home and wanted to get their budget to accomplish their

the kitchen. We worked together to create a clean design while maximizing the budget. The design included keeping the existing cabinets which can be a significant savings." – Asbury Remodeling

The renovation included: Sherwin Williams paint- "Alpaca", Granite on the perimeter – "Leathered Black Pearl". Norcraft Cherry Island with Black Glaze, Granite on the island- "River White". Bianco Venatino 3x6 honed backsplash. New pendant lights completed the room. The remodeled pantry added the popular sliding "barn door" with pull out shelves provided by Shelf Genie. Lastly, the original kitchen bay window located in the breakfast area, was replaced with a door that leads out to the
